WHALEBONE SKIRTS.
THE only object of a Whalebone Skirt is to give a proper, graceful and elegant form to a lady's dress. Unless this is accomplished, the article is entirely worthless. The ladies, by referring to Frank Leslie's Gazette of Fashion for April, will notice that E. & J. HOLMES have, from actual experience, been successful in producing this most desirable article, and that their IMPROVED SEAMLESS SKIRT meets the unqualified approbation of the editor. They are light, elastic, and easily adjusted, and the only Skirt which is equally adapted to the parlor, the street and the crowd, are made in one piece or breadth, and the [illegible] in the opinion of the [illegible] who have bought them, they are [illegible] of the kind in the market. We [illegible] the first introduction of a Whalebone Skirt, and [illegible] experience in the manufacture and [illegible] of these goods, we have found that all kinds [illegible] cotton cord and nearly all kinds of cord and all [illegible] cannot be used satisfactorily, as they will not [illegible] cover their place when pressed out of shape [illegible] consider it.

WHALEBONE SKIRTS
[illegible] of whatever material made, unless there is something of sufficient stiffness [illegible] city, and at the same time yielding and [illegible] to keep the dress in proper shape below the [illegible] To accomplish this we have our cord made under our own direction, and expressly for our goods, the cord the only material that can be used that will recover the proper place when pressed out of shape and we do twisted in manufacturing, that they will not roll or curl when wet, and we [illegible] to [illegible] with no injury. The public are cautioned against all worthless goods as the market [illegible] goods have become popular and extensive, [illegible] been flooded with goods of all kinds [illegible] together without form or fashion, [illegible] other object but to sell, and of course [illegible] Whalebone Skirts. THE GREATEST
MEDICAL DISCOVERY
Of the Age.
DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds, a remedy that cures
EVERY KIND OF HUMOR,
From the worst Scrofula down to a common Pimple.
He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.
Two bottles are warranted to cure a nursing sore mouth.
One to three bottles will cure the worst kind of pimples on the face.
Two to three bottles will clear the system of biles.
Two bottles are warranted to cure the worst canker in the mouth and stomach.
Three to five bottles are warranted to cure the worst case of Erysipelas.
One to two bottles are warranted to cure all humor in the eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four to six bottles are warranted to cure corrupt and running ulcers.
One bottle will cure scaly eruption of the skin.
Two to three bottles are warranted to cure the worst cases of ringworm.
Two to three bottles are warranted to cure the most desperate case of rheumatism.
Three to four bottles are warranted to cure the salt rheum.
Five to eight bottles will cure the worst cases of scrofula.
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.
Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.
In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.
Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.
In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.
Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.
I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in Diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.
No change of diet ever necessary—eat the best you can get and enough of it.
DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over ten years dessert spoonful—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.
The Principal Office for the State of Maine and the British Provinces, is at the Drug and Medicine Establishment of H. H. HAY, 16 & 17, Market Square, Portland, Maine, to whom all orders should be addressed. Sold by respectable Druggists throughout the United States and British Provinces.
PRICE $1.00.

The Great European Cough Remedy.
Important to the Consumptive and the Public generally. The celebrated
Universal Cough Mixture
IS a safe and effectual Remedy for Coughs of every description, whether of children or adults, of recent or long standing.
PREPARED ONLY BY
REV. WALTER CLARKE,
Sole Proprietor, Cornishville Maine.
Within the last twelve months thousands of bottles of the Universal Cough Mixture have been sold in the State of Maine alone, and everywhere its extraordinary power in relieving and curing coughs of the Chest and Lungs, is gratefully acknowledged; and especially in cases of obstinate and long standing Coughs, it speedily allays the painful irritation in the throat which excites coughing, it promotes free and easy expectoration, and by removing the exciting cause of the cough, it frequently enables the sufferers to enjoy natural and refreshing sleep, who for weeks had been deprived of that blessing.
Sold in trial bottles, 25 cents each; large bottles each containing the quantity of four small ones, 75 cents each.
Extract of a letter from Moses Adams, Esq., of Bowdoinham, Maine.
February 17th, 1853.
To Rev. Walter Clark. Dear Sir—The bottle of Cough Mixture which I bought of you at Topsham had the desired effect on my wife. She had been afflicted with a cough for two years—[illegible] be [illegible] removed it.
From Rev. Jesse Hayt, Lewiston Falls.
Rev. Clarke—Every bottle of the Universal Cough Mixture which you left with me, I sold and I have several applications for more. As far as heard from, all have been perfectly satisfied with the medicine. One lady, who had a cough of long standing, attended with tightness of the chest and shortness of breath, so that she was not able to attend to business, purchased one large bottle, and before she had taken one third of it, was perfectly cured, and has had no cough since. She says it is the best medicine in the world, and cannot be recommended too highly.
JESSE HAYES.
From Mr. Fletcher Chick, Agent for North Dixmont, Maine.
Dear Sir—A number of the most extraordinary cures have been effected by your Universal Cough Mixture in the place; several who had coughs of a year's standing and others who have been doctored as medical without receiving any benefit, have been speedily cured by the Universal Cough Mixture.
From Mrs. Hubbard, Thorndike, Me.
February [illegible], 1854.
To Rev. Walter Clark. Dear Sir—This certifies that I have used one bottle of your Universal Cough Mixture for a distressing cough and soreness on the lungs. I had previously taken several kinds of medicine, and had been under the care of several physicians, without obtaining any great relief; happily your Universal Cough Mixture was recommended to me. I procured a bottle which I began to take according to directions on the label, by which in a few days I was entirely cured.

GREAT
American and Foreign Office,
FOR
Securing Patents for Inventions.
AGENCY FOR BUSINESS WITH THE U. S. PATENT OFFICE WASHINGTON.
R. H. EDDY,
No. 76 State Street, Opposite Kilby St.
BOSTON.
IMPORTANT INFORMATION TO INVENTORS.—The subscriber, (late Agent of the U. S. Patent Office under the Act of 1837,) determined to present advantages in applying for patents, superior to those offered inventors by others, has made arrangements, whereby, on applications prepared and conducted by him, THIRTY DOLLARS (instead of Seventy as paid back by others,) will be remitted by him in case of failure to obtain a patent, and the withdrawal, through him, within thirty days after the rejection.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given, prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. (These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe,) render him able, beyond question, to offer superior facilities for obtaining patents.
Caveats, Specifications, Assignments, and all Papers and Drawings, necessary to the procural of patents in this and foreign countries, prepared, and advice rendered on legal and scientific matters respecting inventions, and infringement of patents. All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
Copies of the claims of any patent furnished for one dollar. Assignments recorded at Washington. Patents secured in Great Britain, France, and other foreign countries, through agents of the highest respectability.
R. H. EDDY, Solicitor of Patents.
TESTIMONIALS.
"During the time I occupied the office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents."
From the present Commissioner.
"AUGUST 17, 1855.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the Office, as a Solicitor. He is thoroughly acquainted with the law, and the rules of practice of the Office. National Republican Nominations.

FOR PRESIDENT,

[illegible]

FOR VICE PRESIDENT,

WILLIAM L. DAYTON,

OF NEW JERSEY.

FOR GOVERNOR,

HANNIBAL HAMLIN.

"FREE LABOR—THE NATURAL CAPITAL WHICH CONSTITUTES THE REAL WEALTH OF THIS GREAT COUNTRY, AND CREATES THAT INTELLIGENT POWER IN THE MASSES ALONE TO BE RELIED ON AS THE BULWARK OF FREE INSTITUTIONS. John C. Fremont's Letter of Acceptance.

Political Deceptions and Political Issues

It is really laughable to notice the course of the Bangor Journal in its efforts to defeat the Republican cause on the great and soldier [illegible] and a party as a system of national policy [illegible] the same time [illegible] to screen the party from being discovered. The party with which the Journal [illegible] in possession of the political power of the State in the [illegible] ... of the Journal holds by appointment the office of Judge of Probate for Penobscot county, and at the same time is Clerk of the [illegible] two offices to keep him steadily and both of them [illegible] between two and [illegible] thousand dollars a year. They have every thing [illegible] ...

[illegible]

The Republican platform and candidates this year are [illegible] in reference to the national [illegible] ... But instead of this you are still [illegible] ...

... as the natural growth of the infernal principle of nationalizing slavery. None of these incidents is the issue, but the basis and ground work of each and all of them are the principle of the extension of slavery; this is the issue, and no cunningly devised partial statement will shut it out from the minds of the freemen of the country and the nation. In the treatment of this great subject the Bangor Journal betrays deep political depravity, and proves that for the paltry purpose of holding its little offices in the State and pleasing its slavery shutting friends, it is willing to deceive its confiding readers and to employ the highest intellectual art to frame sentences in such a manner as to mislead, and at the same time to provide for a critical and cowardly hedge.

But let us look at the logic of the Journal upon the face of the editorials. The ground assumed is that the present view of the Kansas affair, because that has been condemned, And yet the Journal declared that the State issues were settled by the condemnation of the people of the [illegible] opponents of the Journal party. If condemnation [illegible] ...

... that the people of Maine has condemned the Republican measures or [illegible] ...

The fact and truth of the matter is precisely this, that the Journal is [illegible] ... the act of slavery crushing and debased Buchanan. This uncomfortable position is kept for the purpose of keeping in its company those who call themselves Whigs, yet now, since the death of the Whig party for the purpose of preventing the success of the freedom loving and practical Republican party ...

... despotism of the one than power ... slavery cursed and degraded ...

Impromptu Meeting of the Republicans

The Republicans made an impromptu call and held a union meeting at the Republican Head Quarters on Thursday evening. The meeting was called at short notice, for the purpose of greeting several of their Republican friends from different parts of the State who were in the city. The hall was filled. The President of the Association, Gen. S. F. Strickland presided.

Doctor Garcelon of Lewiston, John L. Stevens Esq. of Augusta and Hon. Mark H. Dunnell of Norway, all members of the Republican State Committee, were introduced to the meeting and they delivered [illegible] and highly interesting addresses upon the political issues now before the country and upon the prospects of the Republican cause. Such addresses are calculated to do much good and we wish they could have been listened to by the masses of those who now oppose the Republican party. They were hard to [illegible] historical truth ... warmth and love of freedom ...

A Glee Club of young gentlemen sung a patriotic song adapted to the present times, with happy effect.

The meeting closed with three cheers for the speakers who had so eloquently addressed the people, ... three cheers for John Charles and his dear Jessie. We trust that similar meetings may be frequent.

The news from Nicaragua, which comes by a new phase by the fresh arrival, once more favors the prospect of the usurper Walker. The detailed accounts by the [illegible] derived from [illegible], Walker's organs, confirm the report of a change in the government ... of a election of Walker by [illegible] majority, to the President. ...

The Republican Association have displayed at their Head Quarters a large [illegible] Flag with the names of Hon. Hannibal Hamlin, of Hampden as the Republican candidate for Governor of Maine.

The people of Portland are [illegible] ... the torch of the [illegible] ...

Bully Brooks of South Carolina, in his speech after the vote on his resolution for his expulsion from the House of Representatives returned his thanks to those Democrats who had stood by him in his defence, and approval of his course.

There was a copious shower here on Thursday night, which gave an average of nearly two inches of rain. Large quantities of hay were exposed.

Curious—Three months ago, Douglas reported that he would not consider the propriety of repealing any of the territorial enactments, because Congress had no power over the acts of the Territory. Now he reports and votes for a repeal of some of the worst of those enactments. ... Now the [illegible] ... —Exchange.

The Fire in Hermon.

Mr. Editor:—As your item on the Hermon fire in this morning's paper is incorrect, please publish this.

On Saturday night last at 12 o'clock fire was discovered in the wood house connected to the Mason Tavern house at North Hermon, owned by the estate of the late James Mason, and was extinguished by the inmates of the house without damage. Fire was immediately seen bursting out of the old homestead house of the late Jotham Mason, owned by the estate of said James Mason, which was burnt and [illegible] of but little value. At the same time another house at the [illegible] owned by the mother of [illegible] who had moved in a part of her furniture which together with house was consumed. And still another house on an opposite corner [illegible] to an insane sister was said to be [illegible] but did not burn. The three latter were unoccupied. These fires were all the work of incendiaries. C.

The Herbert Case.—Intelligence of the killing of the waiter Keating has been received at San Francisco. The San Francisco papers are very indignant at the disgrace brought upon the State by Mr. Herbert's conduct, and express their opinion of his character with much freedom. The San Francisco Bulletin the late James King's paper, says of him:

... of the gamblers, Representative in the House of Representatives, P. T. Herbert, who, with others of his stripe, are now in position with money obtained by dishonest means to ... He is well known ... a gambler by profession and we are to [illegible] ... our friends the Vigilants, in Mariposa, should ... Weller the Senator from this State, ... friend and supporter, or the gambler, ... services to procure Herbert's release, ...

A Good Servant of the Slave Holders.—In an article setting forth the services and loyalty of Mr. Buchanan to Southern pro-slavery interests the Charleston, (S. C.) Mercury winds up with the following:

But it [illegible] ...

From Kansas.

Mr. S. F. Tappan, Clerk of the Free State Legislature of Kansas, arrived at Washington on the [illegible], from that Territory. He says the news of the defeat of the bill to admit free Kansas reached Lawrence on the 9th inst., the day after, and caused an expression of deep regret on the part of the Free State men. He reports that G. W. Brown, the editor of the Herald of Freedom, has been [illegible] ... Robinson and the other prisoners are still ... Marshal Donaldson ... arrived in the territory several days before he left.

Catholic Religion of Fremont.—This electioneering trick to bring a sect in to tire [illegible] ... Col. Fremont has been pronounced a Catholic because he was married by a Catholic priest ... St. Peter's is a grander structure than an Erie country meeting house. We believe that Mr. Buchanan ... that he is a papist. —Free Journal.

The Camels and Coming.—The introduction of camels under the patronage of our Government for the purposes of travel and transportation in unsettled districts, has commenced in Texas. A number of animals imported and under the care of Maj. Wayne have been sent back to St. Antonio. Two humped back camels harnessed to a wagon, presented a novel sight. It will take more than one importation and more than one season to acclimate them to our changeable climate.

One of the best rules in conversation is, never to say anything which any of the company can reasonably wish we had rather left unsaid; nor can there anything be well more contrary to the ends for which people meet together, than to part unsatisfied with each other or themselves.

Judge Davis' Case.—The proprietors of the Portland Advertiser have prepared an edition of the argument of Judge Davis' counsel, printed with the case. The pamphlet is suitable for distribution. Price fifty cents per dozen. Let it be circulated.

"We will cheat you, white upon [illegible] subdue you, and fraud will introduce [illegible] what force cannot." Troy was taken in that way after a ten years' siege, and Kansas, it is hoped, may be got possession of by a similar method. ... The [illegible] bill has been passed by the Senate and sent to the House for concurrence. It is very specious on its outside, but its working would prove utterly deceptive and its result, in all likelihood, would be the irretrievable conversion of the Territory of Kansas into a Slave State. This measure should be discussed and repudiated on many grounds ...

... Missouri goes to confirm the new scheme ... these men did not go to Washington upon the heels of the Investigating Committee without a specific object. ...

It [illegible] of commencing operation [illegible] ... All who were in the Territory on [illegible] ...

... We want no [illegible] ... N. Y. Courier.

John B. George, of New Hampshire, who was appointed Secretary of the Territory of Minnesota, is the individual who, just after the assault upon Sumner, invited Brooks and Keitt to dine with Postmaster Lorrin, Colonels Forney and others, and other friends of the administration.

A remark made by Mr. Brooks in his late speech in the House in defense of his assault upon Mr. Sumner, has been the subject of much speculation. It was incorrectly reported by telegraph, but as corrected reads as follows:

"I went to the Senate deliberately. I had [illegible] whether I should use a horsewhip or a cowhide, but knowing the strength of the Senator from Massachusetts was superior to mine, I thought he might wrest it from me—if he had, I might have done what I should have regretted for the term of my life."

A Voice—He would have killed him.

Mr. Brooks [illegible] ... I would have murdered Mr. Sumner had he resisted the assault. No other construction can be placed upon his language, and it is well understood at Washington that when he committed the assault he, as well as Keitt was armed and prepared for any emergency.

The conduct of Brooks since the assault has been in perfect keeping with the ruffianism of the act itself. His attempt to bully Col. Webb, Mr. Trafton and others who had spoken freely of the assault—his challenge of Messrs. Wilson and Woodruff—his [illegible] bullying deportment in the House during the discussion on the resolution of expulsion—all stamp him as a bravo who possesses little true manliness or courage.—Boston Journal.

Remember,—The pro slavery party propose to save the Union by letting the [illegible] Free Dom and will make it a slave oligarchy.

Listen to the noble words of Col. Fremont and say,—Will you have such a [illegible]!

"If I am elected to that high office for which your partiality has nominated me, I will endeavor to administer the Government according to the spirit of the Constitution, as it was interpreted by the great men who framed and adopted it, and in such way as to preserve BOTH LIBERTY AND THE UNION."

The Buchaneers have glowing accounts of accessions to their army from the Whig ranks. The Cincinnati Enquirer says that [illegible] old line Whigs, in Licking County, Ohio [illegible] ... was only 5,930 while the [illegible] Whigs cast about 7,000 votes.

The New Orleans Delta, the leading organ of the Louisiana Democracy, [illegible] ... has come out in favor of a [illegible] ... and declared its determination not to support him.

Rev. T. B. Carpenter of Portland will preach to-morrow, Sunday, at the Central Church in rof. Shepard's.

Worth Reading.

WHEN, by long study and many experiments, a physician has discovered a new principle in medicine, by which pain may be removed and disease cured, more surely and effectively than before, it immediately becomes his duty so to bring it before the public as to give to all an opportunity to profit by his discovery. For this reason the proprietor of the Allied Ointment and Syrup offers his preparation to all who are afflicted with Scrofula, Salt Rheum, Cancerous Humors, Fever Sores, Pimples, and other Eruptions; with the assurance that in nearly every case where they have been tried they have effected permanent cures. Every agent can give reference to persons in his vicinity who have been cured by them.
